EXT. LOUNGE - DAY

CHRIS

Dude, you have to! This is THE day party. You wanna get in, don't ya?

ALAN

You can't be serious! I mean, I don't even look like him! Well, if you squint, maybe. And there was that one time in the valley...no. No! It's too risky!

CHRIS

Think about Lily! You know she's in there.

ALAN

And what about when she finds out I'm lying about who I am? The relationship is pretty much doomed from the start.

CHRIS

It's LA, Alan! Everybody lies!

ALAN

And what if he shows up? Hm? You ever think about that? It could turn into some Highlander there-can-only-be-one fiasco! I'm too fragile for that right now.

CHRIS

Oh *relax*, he won't. Trust me.

ALAN

And how do you know that?

CHRIS

Cuz he wouldn't be caught dead at one of these things. Now here, put these on.

(hands sunglasses)

Perfect!

ALAN

These glasses are ridiculous, Chris. I feel like a Youtube douchebag with these on.

CHRIS

Which means the disguise is already working. Shall we? (*they walk*)
