INT. OFFICE CUBICLE - DAY

DWAYNE approaches the desk of MARTIN and engages him in an uncomfortable stare.

MARTIN

(uneasy)

Can I help--(you?)

DWAYNE

Martin Robert, a man with two first names who somehow was appointed BoreTech's newest Supplies Manager. You must be pretty pleased with yourself. I must admit, you're not at all what I picture when I think of a man worthy of such a prestigious position.

MARTIN

Is that right? And what kind of man do you imagine?

DWAYNE

Enough about me. I ventured over to this, the inferior side of the office, for one thing and one thing only. Answers. I hear you use our precious binder clips for non-work related cat errands.

MARTIN

Well, that's just not true.

DWAYNE

(confident)

Then why'd I just say it?

MARTIN

I don't know, it seems like you were just trying to throw me under the bus.

DWAYNE

Throw you under the bus? What a novel idea.

He smiles, eyes glaze over, as he relishes the thought.

MARTIN

Dwayne?

DWAYNE

Enjoy your party, Martin Robert. Enjoy it while it lasts. Power is a fickle mistress.

He walks away before Martin can respond.
