EXT. ABANDONED WAREHOUSE - NIGHT

American spy, DAVID, approaches ELIN shrouded in shadow.

ELIN

You're late. What happened? Did the battery in your watch die?

DAVID

No. My watch doesn't take batteries. It's a "Timex."

ELIN

Timex? That's strange. The man I'm waiting for only wears Audermars Piguet.

(drawing gun)

I guess that means you're out of time.

DAVID

(hands up)

What are you doing? We're on the same team.

ELIN

(brandishing usb drive)

Not anymore. There's a new player in this game and he's gonna love what I got for him.
