INT. RESTAURANT - NIGHT

DAVE

Did you enjoy dinner?

EMILY

The prosecco was mediocre and the salad had wilted long before it came to the table. I do not think I will be ordering it again. I'm surprised this restaurant has lasted so long with sub-par lettuce.

DAVE

Oh, s-so sorry about that. I've always enjoyed the food here but I suppose I've never had the salad.

EMILY

It's fine. I did not enjoy the food but your company was pleasant. Most men only date me for my beauty but you treated me like a human being. Despite my (beat) standoffish nature. It was a nice change.

DAVE

Really? Y-you had fun?

EMILY

Yes, Dave. If I hadn't, I probably would have broken your thumbs when you tried to hold my hand earlier and left you squirming on the floor.
